

ONE CLEAR CHOICE

ON-BILL FINANCING

On-Bill Financing allows the possibility of no-interest, no-fee repayment of the cost of energy efficiency projects to eligible customers. Rather than borrowing and paying to a conventional lender, your electric utility company will pay National Glazing Solutions and you will pay installments on your monthly bill.

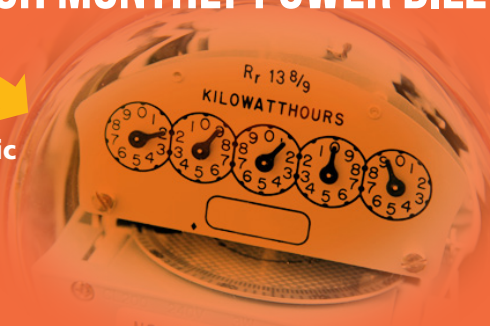

- ✓ No cash needed for upgrades, 100% financing
- ✓ Drastically reduces or eliminates first costs for energy efficiency upgrades
- ✓ Fast approval time
- ✓ Aligns timing of costs and benefits of energy efficiency measures, generating immediate positive cash flow - monthly energy savings are equal to or greater than the repayment charge
- ✓ Improves relationship between consumers and utilities
- ✓ Can operate concurrently with a rebate program to reduce the total amount financed
- ✓ Bill payment history can be used in place of a credit report

For a review of the potential for On-Bill financing on your project, please contact us at Estimating@NationalGlazingSolutions.com or call 866-925-2083 x 808
