## NGS IS THE INDUSTRY LEADER

in attractive, energy efficient, secure films,  
graphics and signage with turnkey service solutions  
that transform your ideas into reality.

## PUT YOUR ASSETS TO WORK

These days, it's not enough to view your assets as a line item on a balance sheet. Instead, you must see them as a living, breathing, workforce.

Your windows are accountants who can save you money on energy costs. Your doors are 24/7 security guards protecting your property from thieves. And your walls, floors, and exteriors are skilled marketers with the power to grab attention and create unforgettable experiences.

Wait, your assets aren't working hard for you night and day, 365 days a year?

It's time we change that.
